– STREAMLINING –

GLOBAL TIME & GROSS PAY

For multi-state, multi-jurisdiction organizations, streamlining time data management & gross pay compliance can be a tall order.

THE CHALLENGES

Multiple locations, employee types & vendors

Information gaps, errors & overhead with manual data management

Exorbitant cost of outsourced gross pay services

YOUR RISK

WAGE & HOUR LITIGATION has skyrocketed by **358%**

– AND –

Up to **7%** PAYROLL LEAKAGE is caused by time & gross pay data errors

OUR SOLUTION

Single source of truth platform that scales across regions

Scaling without startup costs or implementation fees

Built in global compliance library with automated compliance
